Deluxe Continental Breakfast

Full-service restaurant: Eclectic, wholesome, and sumptuous blend of Mediterranean and Latin-influenced dishes and unique cocktails at Mundo

MUNDO

"It was Fernand Point who once said, 'If the divine creator has taken pains to give us delicious and exquisite things to eat, the least we can do is prepare them well and serve them with ceremony.' At Mundo, co-owners Willy and Jon have mastered both. Each dish is a gift to the palate, celebrated by the warmth of those who present it."

-Miles Christian & Rayvon

Step into our world...experience the unexpected...our task, which we take great pleasure in is to transport you...leave your inhibitions at the door, embrace a little dose of erotic abandon, let go and let us do the rest.

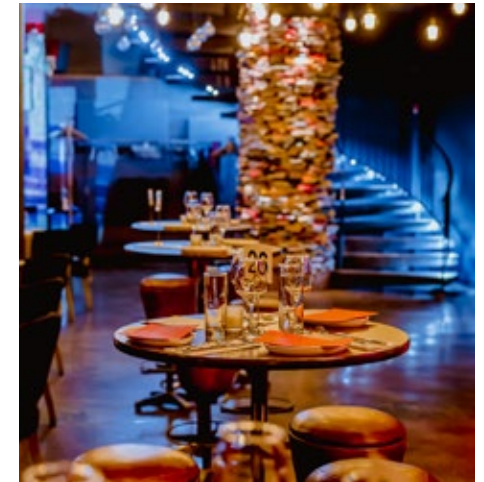

Mundo takes its inspiration from the exotic markets of the world and the comfort of homemade international dishes. Mysterious, adventurous, and decadent, savor our signature eclectic cuisine: a wholesome and sumptuous blend of Mediterranean and Latin influences.

Mundo's culinary philosophy is to look beyond the current day geographical borders and instead appreciate the culinary and cultural richness as a whole. We believe that straight forward recipes using fresh, high quality, gourmet ingredients, coupled with

caring and consistent execution is what it takes to achieve flavors that our guests will cherish and keep coming back for.

Mundo's contemporary presentation of authentic recipes began in 2005 when owners Guillermo "Willie" LuceroFabbi and Canalp "Jon" Caner were in search for their favorite dishes across New York. To bring all these international flavors under one roof, Willie and Jon discovered Mundo [defined: "world" in Spanish or Portuguese], turning into the famed culinary adventure of Astoria.

Mundo's swanky spot can now be found at Paper Factory Hotel in Long Island City. The grand two-level space features avant-garde designs, including a 30-foot column embraced with vintage books, an original printing machine and out-of-this-world lighting collected across the world. Charmed by the candlelit tables, vintage floors, exposed industrial ceilings and intimate corners hiding within the industrial-chic space, the vibrant setting plays host to the fabulous and the fashionable nightly, where a hip crowd gathers to soak up the convivial atmosphere and groove to the DJs at Mundo Underground. Mundo has made its mark once again, but this time, you won't believe it until you see it.

HOTEL SAFETY

WHEN YOU CHECK IN

Find the fire exits in your corridor, make sure that they are not locked or blocked.

Count the doorways and other features between your room and the exits so you can find your way out in an emergency.

Learn the layout of your room and know how to unlock the door in the dark.

Put your room key close to you when you sleep so you can easily find it.

You will need the key to get back in the room if smoke or fire block your exit.

WHEN THE ROOM DOOR IS NOT HOT OR THERE IS NO SMOKE IN THE HALL

If the door is not hot and the hall is clear of smoke, it is probably safe to leave your room.

When exiting, take your key with you. Please secure the door behind you and walk to the nearest exit. Do not use the elevator.

Walk to the ground level. Use handrails to avoid being knocked down by someone in

a panic. If you encounter smoke or fire at lower levels, turn around and walk up to the clearer air. Attempt to use another exit.

WHEN THE ROOM IS HOT OR THERE IS SMOKE IN THE HALL

Stay calm. You can stay in your room and still survive a hotel fire.

Fill the tub with water for wetting towels, sheets, etc. The tub may also be used in conjunction with an ice bucket or waste baskets, used as water buckets, for cooling down walls.

Seal the door from smoke with wet paper towels, cloth towels, tissues and sheets. The vents should also be sealed.

If the phone works, call for help.

Hang a sheet out the window to signal firefighters, but do not try to use it to climb down.

If in spite of your efforts, smoke still enters your room, make a tent over your head with a blanket or sheet at a slightly open window to breathe air that is free of smoke. If the windows do not open,

you may have to break one with a chair or drawer.

Only do this as a last resort. If smoke can enter your room from outside the window, do not open it. Once you break the window, you won't be able to close it.

WHEN A FIRE STARTS IN YOUR ROOM

Evacuate your room immediately.

Grab your key and close the door securely behind you.

Use the nearest phone to call our operator. Dial "0".

Notify your neighbors.

Walk to safety via the nearest exit.

HOTEL SECURITY

Your safety and the security of your personal property are our utmost concern. We urge you to take advantage of the following suggestions:

In-Room Safe

Please lock your valuables in the safe

provided in your room.

Do not leave money or valuables unattended in your room.

Under the state law, the hotel is not responsible for any loss.

Admittance

Do not admit persons to your room without first making identification.

If there is any doubt about the person's true identity, please contact the front desk.

Keys

Please safeguard your key.

Do not leave it in your room.

Do not give your key to others.

You may leave it with the front desk when you are out of the hotel.

We hope that these procedures will contribute to your comfort and well-being during your stay at our hotel.

Enjoy!
